McClintock Wins Suit Against Clay, Thompson and Hough in Federal Court.

Hon. A. M. J. Cochran, in the United States District Court has handed down a lengthy written opinion in the habeas corpus cases instituted by Henry S. Clay, W. A. Thompson and Charles Hough, in which the said parties sought to be released from jail under a judgment rendered against them and others in the libel suit brought against by J. D. McClintock.

McClintock had secured judgment in the Bourbon Circuit Court against these parties and others for \$1,500 each for publishing an article which he claimed was a reflection on him and pending the hearing of a motion for a new trial in that case all the defendants went into bankruptcy seeking to be discharged from McClintock's judgment.

After they had secured their discharges in bankruptcy, McClintock had these three parties arrested under a writ of capias ad satisfaciendum and confined in jail last October. They sued out writ of habeas corpus in the Federal Court, and secured their temporary release.

The cases were argued and submitted on November 7. Judge Cochran decides that the discharge in bankruptcy does not affect a judgment for libel, and the defendants will now have to pay the judgment or go back to jail. The petitioners were represented in the Federal Court by Hon. E. M. Dickson, McMillian & Talbott, and J. J. Williams, and McClintock's interests were looked after by Judge Denis Dundon.

Fairbanks Meeting Interrupted.

A crowd of over one hundred negroes assembled at U. B. F. Hall, on Eighth street, Wednesday night to listen to Dr. Wood, an eloquent colored speaker, of Danville. Just after the eloquent Doctor had begun to warm upon his subject, "Fairbanks For President," there was an alarm of fire turned in from box 23, about two squares from U. B. F. hall. The fire department responded and when they passed the hall it was said the negroes came out very unceremoniously, leaving the Fairbanks orator with only a few hearers.

There was no fire, false alarm, and now the Fairbanks crowd claim the alarm of fire was sent in by a Taft follower, in an attempt to break up the Fairbanks meeting. Surely these are strenuous times for our Republican friends.

County Attorney Moore Appeals from Action of Fiscal Court.

An order of appeal was filed Tuesday in the Bourbon Circuit Court by County Attorney T. E. Moore, Jr., appealing from the action of the Bourbon Fiscal Court, which on April 4 passed an order legalizing the payment of certain moneys to magistrates from January, 1902, to January, 1906, for services rendered the county in the construction of the court house and remodeling turnpikes of the county and aggregating nearly \$12,000.

At the time the money was paid out no order of appropriation was entered upon the record of the Fiscal Court, and suit was brought by the county attorney in the Bourbon Circuit Court for its recovery, the case being practically settled by Judge Stout sustaining the demurrer to the amended answers of the defendants who, upon the adjournment of court, were granted thirty days further time in which to amend. The Fiscal Court then sought by the order of April 4 to legalize the claims in an effort to save the defendants from the apparent technicality, which will again be submitted to Judge Stout at the June term of Court as a result of the appeal filed Tuesday.

Petition Now Ready.

A petition, signed by five hundred taxpayers, is now ready to be presented to the Bourbon Fiscal Court, asking this honorable body to erect a new modern steel bridge over the North Fork of Stoner Creek at the foot of North Main street, displacing the old wooden bridge that was erected in 1832.

It is the wish of everyone that the Court will take up this matter seriously and at once take steps for this great improvement. The News has time and again urged this great improvement and the time has arrived when the people almost demand the removal of this old eye-sore and rendezvous for foot-pads.

Its Capacity Defines

The limitation of a thing and establishes its level.

So it is with the tailorsmen that produce the **College Brand Clothes**. They have developed their capacity by tailoring the finest garments that can be made,

that cost as high as thirty-five dollars.

Now then, with that exceptional capacity, is it not logical to suppose that such tailorsmen can and will produce a garment at fifteen or twenty dollars which is a deal better than if their capacity is limited to expensive garments?

Certainly. Furthermore, the garments prove it beyond contention, prove that in fabric, tailoring and style, particularly tailoring and style, College Brand Clothes at any price from fifteen to thirty-five dollars more than justify the charge.

That is why we maintain an exhaustive variety of the College Brand Clothes.

A Word in Eulogium of Riley Grannan.

[Editorial from Rawhide, Nev., Press-Times.]

"It's all a joke; it doesn't amount to anything!"

These were the words with which Riley Grannan, turf plunger and sporting celebrity, yesterday afternoon laid down the losing hand, smiled, and quit the game; quit the game a loser, as we all must do when Death is the dealer and Disease the case-keeper.

The very essence of Mr. Grannan's character is summed up in the words of greeting with which he recognized the presence of the grim specter, accepted without a murmur its inexorable decree, laughed softly and stepped forth into the infinity of space with the same insouciance and outward calm with which he placed a single bet of \$150,000 on the horse Navarre to win.

Most of us are good winners, but few of us accept the defeats of life without voicing our grievances to the world. Not so Mr. Grannan. Ever the courteous gentleman, retiring but debonair, he accepted with equal com- plaisance whatever of ill or good fortune the day disclosed, nor deemed a losing hour subject matter with which to bore his friends.

To men whose blood corpuscles are rimmed with virility of life, and who honor manhood in whatever guise of fustian or broadcloth it cloak itself, humanity of the Grannan stamp must ever appeal. Such men are akin with the pioneers, the trail blazers, the prospector of the west. The big-hearted, big-souled, big-brained men, who live in the big brathing spaces of earth and who are inspired with the big thoughts inherent to such environment. By such as these the word defeat is unknown. They rise supreme over every obstacle, and push aside with careless hand the barriers nature or mankind would throw across their pathway. They read in desert trails the story of their successes, and in the serrated uplift of uriferous ledges realize their accomplishment.

Of such stamp was Riley Grannan.

To the pigmies of earth, those lilliputs whose lives are circumscribed by the vapid inanities of effete social creeds, or whose vision is narrowed by the uncompromising horizon of religious sect, the true-hearted manliness of Riley Grannan will not appeal. To their purblind consciousness the brave spirit of this knight of fortune finds no recognition; to their self-opinionated, self-sufficient natures naught is apparent save the course of his life was not as theirs, must of necessity be a life wasted.

To such of us as really live; to such of us as live each day according to the best that in us lies; to such of us as respond to the demands of friendship, and who recognize in the heart-beat of humanity the pulsing blood of a common brotherhood, it matters not what those of moribund sensibilities may deem most fit. To such as we the man beneath the outward apparel is what is worth while; is what is worth knowing; is what is worthy of respect. Such being the case, we of us who really live, and who in living prescribe no course of action for our fellows save that they live a man's life in this, a man's country; to such as us I say the character of men like Riley Grannan must ever appeal.

Peace to his ashes.

The Old Demagogic Argument.

Secretary Taft has visited Kentucky, being greeted with a large audience at Louisville and what did he bring with him? Only the old story, the old plea and the old demagogic argument of the Republican party. He said that under the Dingley tariff law we have had the greatest industrial expansion the world has ever witnessed. He might have added that under it we have also had unusual business depression and financial distrust. He wants the tariff revised, and thinks the sooner it is done the better, (but not until after the Presidential election,) "provided the whole party moves in that direction." What party? The Republican party, of course.

The great common people cannot expect relief from the oppressive tariff system as long as the Republican party has control of the Government. This is an assured fact. Our only re-

lief is to elect a Democratic President and a Democratic Congress. The prospects for this is brighter now than it has been for years. In this event, the tariff will be revised in a way to bring the greatest good to the greatest number of people, and not till then.

Why They Were Witty.

In a certain district of Clydesdale the lodgers of an old widow lady have of late had much cause for complaint regarding the meagerness of the food supply. The other evening one of her lodgers made a remark, upon which the Lanarkshire landlady said to him: "Man Tam, it's curious ma lodgers are aye awfu' witty?" "Ay, wumman," said Tam, "it's an aul' saying an' a true yin, 'there's naething like hunger fur sharpenin' the wits!'"—Dundee Weekly News.

EASILY DECIDED.

This Question Should Be Answered Easily by Paris People.

Which is the wiser—to have confidence in the opinions of your fellow citizens, of people you know, or depend on statements made by utter strangers residing in far-away places? Read the following:

Mrs. J. T. Martin, living corner Eleventh and Main streets, Paris, Ky., says: "My kidney trouble was the result of a fall, and I suffered from the complaint for two or three years. I finally procured Doan's Kidney Pills at J. A. Wilson's drug store, after all other remedies failed in giving me relief and beneficial that I gave a statement recommending them in 1903. This statement was true in every particular and think just as highly of Doan's Kidney Pills at this time. I am completely cured of my old trouble and give them the credit. Prior to using Doan's Kidney Pills my back ached and pained until I thought it would break in two. Sharp twinges through my kidneys felt as if someone were hitting me in the back with a heavy object. One week after Doan's Kidney Pills were used I felt like a different woman. I occasionally used them and they serve to keep my kidneys in a healthy condition."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other

Vegetable with Old Lineage.

Asparagus is the aristocrat of the food plants. None other has so distinguished a lineage, for its records reach back almost to the beginning of authentic history. It is mentioned by the comic poet Cratinus, who died about 425 B. C. The Romans hold asparagus in the highest esteem, the elder Cato treating at length, in his "De re Rustica," still extant, of the virtues and correct cultivation of the plant. Pliny, writing about 60 A. D., has a great deal to say of asparagus. He says: "Of all the products of your garden your chief care should be asparagus."

Printed By Request.

Mix the following by shaking well in a bottle and take in teaspoonful doses after meals and at bedtime:

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. A local druggist is the authority that these simple, harmless ingredients can be obtained at nominal cost from our home druggists.

The mixture is said to cleanse and strengthen the clogged and inactive kidneys, overcoming backache, bladder weakness and Urinary trouble of all kinds, if taken before the stage of Bright's disease.

Those who have tried this say it positively overcomes pain in the back, clears the urine of sediment and regulates urination, especially at night, curing even the worst forms of bladder weakness.

Every man or woman here who feels that the kidneys are not strong or acting in a healthy manner should mix this prescription at home and give it a trial, as it is said to do wonders for many persons.

The Scranton (Pa.) Times was the first to print this remarkable prescription in October, of 1906, since when all the leading newspapers of New York, Boston, Philadelphia, Pittsburgh and other cities have made many announcements of it to their readers.

The English Workman.

Next to this "sentimentality," so astonishing to Europe—because so irrational—comes the invincible patience of the English workman. He will endure almost anything—in silence—until it becomes unendurable. When he is vocal it is pretty certain that things have become unendurable.—English Nation.

Fortunes in Australia.

The commonwealth of Australia is still wide enough and undeveloped enough to offer those opportunities for which adventurous and ambitious men are ever seeking. It still holds enough of romance to give a zest to everyday life. There are still fortunes to be made by the man who begins with nothing but a stout heart and a ready wit.—British Australasian.

DAMES AND DAUGHTERS.

Miss Martha Davis, aged sixty years, of Peoria, Ill., who recently died of dropsy, in her life had been operated on eighty-five times.

Mrs. Rose Politzer of Chicago has legally adopted Mrs. Julia A. Horman. The foster mother is sixty-five years old, and the foster child is forty-five and has a husband.

Mrs. Sophia Crotto, 105, lives in Old Quebec. Her voice and appetite are good, but otherwise her faculties have sadly failed. She says she daily prays to "le bon Dieu" to take her.

Who can beat the record of Miss Cahill, who is now a junior in the Bath (Me.) high school? For the past nine years, or ever since she entered the public schools, she has not been absent or late.

Mrs. Abner Bates of Folly Cove, East Gloucester, Mass., is a remarkable woman for her eighty years. She recently collected twenty-two wishbones and dressed them up for dolls to be sold at a hospital fair.

Mrs. Elizabeth B. Nichols of Newark, N. J., claimed the letter mailed Dec. 30, 1854, at New Orleans to "Miss Elizabeth Garthwaite, Newark N. J." The letter reached its destination a few weeks ago, and the mystery of its half century delay may never be cleared up.

Mme. Fritz Scheff, the prima donna, has her voice insured for \$50,000, and a clause in the contract provides that if she loses her voice for more than a week from any cause whatever an ascending scale of remuneration shall be paid the management, and if it should become necessary to abandon the tour the entire sum shall be paid.

Sporting Notes.

There is rumor of a match race between Sonoma Girl, 2:05 1/4, and George G., 2:05 1/4, to be decided at Readville in July.

Jim McGuire, manager of the Boston American league club, will also captain the team. Bob Unglaub was skipper last year.

Harry Blake, who once played the outfield for Cleveland and who was noted for his arm of iron, is to manage a team in the Texas league this season.

Gotch expects to meet Hackenschmidt in this country early in the summer months and announces his intention of retiring from the wrestling ring after the event, win or lose.

With all the crack athletes from ocean to ocean faithfully training for the coming Olympian games, the present year will undoubtedly be the greatest in the athletic history of this country. The results of this year will also be far-reaching and will do much toward uplifting the athletic standard of America.

Church and Clergy.

In going to church the leg of Rev. F. A. Bright of Waynesburg, Pa., was broken by a fall. After finishing the service the minister had the leg set.

Rev. Dr. C. F. Aled, pastor of the Fifth Avenue Baptist church, New York, John D. Rockefeller's pastor, continues ill, and it is doubtful if he will be able to return to the pulpit.

For the preservation of St. Paul's cathedral in London it is proposed to inject under pressure Portland cement grout about the consistency of cream under all the piers of the dome and the tower.

Rev. Father D. S. Phelan, editor of the Western Watchman, of St. Louis, will go on an extended trip abroad after Easter. He will make an intimate study of Catholic questions and will visit the pope.

Train and Track.

During the past six years 159 grade crossings west of Pittsburgh and 568 grade crossings east of Pittsburgh have been removed on the Pennsylvania lines.

The Sandy River and Rangeley Lakes railroad has been organized at Gardiner, Me., with a capital stock of \$241,600, to take over all the narrow gauge railroads there.

Venezuela now has thirteen railroads, but the longest is only 111 miles, while none of the rest is over fifty. Most of them run from the sea up into the mountains, and the grades are very steep. One road has a grade of 449 feet to the mile.

Animal Tales.

Selim Smith of New Auburn, Wis., owns a hen which, he says, laid a three yolk egg every day for a week. The eggs are as large as goose eggs.

Miss Grace Simmons of New Kensington, Pa., has a pet pullet which each morning appears at the kitchen door, and when admitted it deposits its egg in a nest prepared for it.

Ezra W. Perkins of Montclair, N. J., says he has a dog which found a basket of provisions in the road, out of which he took a fifteen pound turkey and carried it home and, returning, selected some porterhouse steaks, which he also carried to his master.

College and School.

Rev. W. H. Salimon, president of Carleton college, at Northfield, Minn., has tendered his resignation, to take effect next July.

J. F. Sharp of Geary, Okla., has risen from janitor of a ward school building to be president of the Southwest State Normal school at Weatherford.

Andrew Carnegie has offered to give \$50,000 to Morgan college, a Baltimore institution for the education of colored youth, in case the officers and trustees of the institution raise another \$50,000. Morgan college was founded forty years ago.

Don't it prove that August Flower has had unflinching success in the cure of indigestion and dyspepsia—the worst enemies of health and happiness? First team of M. M. I. will cross bats with the second team of K. U. Saturday afternoon. Captain Reiley, the coach of M. M. I. will soon have this team in splendid condition, and before the season closes we will not fear to put them up before any of the College teams.

The baseball season was opened here Monday afternoon, when M. M. I. defeated North Middletown by a score of 10 to 9. The game was on the whole, loose and errors were frequent. At times there were some show of fast work. The cadets played fairly well considering this was their first game of the season, but a few weeks of hard practice will develop them into a swift aggregation.

The visitors were strong at the bat, but with the exception of Spillman at third, who played a brilliant game, their fielding was weak. Meng was knocked out of the box in the second and was replaced by Hall, who pitched the remainder of the game in fine style. Loose work in the outfield told against the cadets, and accounted for many of the visitors' runs.

Thos. McClintock & Sons received another car load of mules from St. Louis Saturday and shipped on Monday a load of horses to Cincinnati.

There will never be a better time for you to fix that old leaky roof than right now. We have plenty of the very best shingles and our prices are right. **PEALE COLLIER & CO.**

Master Albert Hawes left Wednesday for a visit to his brother, Mr. Alex Hawes, of Covington. Will return Monday with his mother and brother, Mrs. Mattie Hawes and James Hawes.

Mr. G. F. Jones, who has been under treatment for nearly two weeks at Good Samaritan Hospital, Lexington, returned Wednesday, much improved.

The Carlisle Dramatic Company will put on the beautiful four act drama entitled "Because I Love You," at the Millersburg opera house, Wednesday evening, April 22, under the auspices of the Millersburg Female College. This company is composed of the best talent of Carlisle. The piece made such a hit there that they were compelled to put it on the second time. Tickets on sale at the drug store of Smith & Wadell.

Negroes Crowd Senate Chamber.

Senator Foraker Wednesday delivered his promised speech on the Brownsville incident. The speech attracted a record-breaking crowd of negroes to the Senate end of the Capitol. Never in the history of the Senate have the galleries been so fully surrendered to representatives of the negro race. They came early and secured the points of vantage in all the galleries except that reserved for members of the families of Senators and the section reserved for the use of the President.

Big Suit Compromised.

Heirs of Dr. B. D. Cox, who was assassinated at Jackson several years ago, have compromised the suit against the estate of Judge James Hargis, a settlement being effected after a conference of all interested parties at Jackson. It is said the amount agreed upon was \$4,600. The case has been pending at Lexington for two years.

LIVE STOCK AND CROP NOTES

Joe Stewart has sold to W. D. McIntyre 55 head of lambs for August delivery at 6 cents per pound.

At Sadieville, Scott county, Silas Jones bought of Moses Burgess 20,000 pounds of wool at 27 cents per pound.

A. G. Jones, of North Middletown, sold to W. J. Star, of Madison, Wisconsin, 2 fancy saddle geldings and one more, for \$1,050.

With hogs, cattle and lambs hanging around 6 cents per pound for June and July delivery, producers of live stock are going to fatten their bank accounts.

The Paris creamery received 2,300 pounds of milk Monday, an increase of 300 pounds over the same day a week ago. The supply is gradually increasing, as farmers find that to send their supply of milk to the creamery brings them as much money as to churn it at home.

The following from the Farmers' Home Journal is worth the attention of our wool growers: "Do not tie your wool with sisal or binder twine. Wool manufacturers are up in arms against this practice, and are more and more refusing to accept from wool dealers wool that is tied with sisal or binder twine, for the reason that in untying the fleece it is impossible to remove sisal or binder twine without leaving some of the fibers in the wool, and this causes a defect in the goods when made. In Ohio, the tying up of tags in a fleece of wool is a criminal offense, and, if discovered, is punishable by imprisonment or fine, or both at the discretion of the Judge trying the case."

THEATRICAL.

With the Buster Brown Company which comes to the Paris Grand tonight, we are promised among other improvements in the cast, the best animal impersonator who has ever essayed to play the difficult part of "Tige," Buster's faithful canine companion. The advance representative while mentioning the many improvements in the cast this season, said: "Al Grady, a man who has made himself famous playing dog, is playing the part of Tige. 'Buster Brown' without 'Tige' would be like 'home' without a mother." Mr. Grady certainly knows dogs. His reconstruction of 'Tige's' quizzical countenance is a masterpiece in paint, papier-mache and canvas. Ferocity, amiability curiosity; even that peculiarly subtle and illusive 'doggish' emotion called humor is flitted clearly and easily across his canine mask. He wags his tail, licks his chops, tracks footprints with tremendous energy, worries the tramp's boots, and just plays dog. There are a great many people in the audience who wait to see him assume his expression of pleasant preoccupation which is peculiar to the dog, when he stretches out his neck, crooks his hind leg or left ear."

Sunday School Institute.

An important Sunday School Institute will be held here next Tuesday, April 21, beginning at 3 o'clock a. m. Ask your pastor or your superintendent.

Under auspices of State and County Sunday School Association. Therefore all the workers of all the Sunday Schools are expected. The program is so admirably arranged that no matter what your position may be in the Sunday School, there will be something right along your line of work. Come sure. We are expecting you. This Institute will be in charge of Rev. T. C. Gebauer, State visitor.

New things are developing so rapidly in the Sunday School work, that unless we get together frequently to discuss them with our experts we are going to get hopelessly behind. So come.

Laying New Mains.

The Paris Gas Light Co. has about fifty men busily at work laying new four inch cast iron mains on Pleasant street, Third street, Vine street, Duncan avenue, Scott avenue and Main from Tenth to Fifteenth streets. When completed the whole town will practically have new gas mains. The pipe now being laid is more than double the size of the old ones.

Mr. A. M. Dolph, the owner of the Paris Gas Works, regardless of cost, is endeavoring to give our citizens the best gas service ever had in Paris and has accomplished his purpose, for we seldom hear any complaint from gas consumers. He is very fortunate in having in his employ, Mr. C. L. Steenburgh, the General Manager, and Mr. Julian R. Howe, cashier. Both of these gentlemen are popular with the public and very efficient employees of the gas company, as is W. J. Huffman, the superintendent of the works and plumbing department.

DEATHS.

The Mayville Ledger says: "George Curtis Goggin died at his home in Washington, in Mason county, at 3 o'clock Sunday morning."

"In the death of Mr. Goggin there passed to that realm of mystery the last member of the once prominent family of Col. Lucien B. Goggin, of Washington."

"A modest, unostentatious man, he was loved and respected by those whose hands he touched in his quiet walk through life. Above all, a gentleman—a gentleman in the truest sense of the word—gentle, loving, tender, true, withal brave and fearless."

"Mr. Goggin came of the distinguished Virginia family of that name, being a nephew of the Hon. Wm. Goggin and John O. L. Goggin, who as Jurists no men of their day stood higher, and of General James Monroe Goggin of the Confederacy, a family noted for its integrity, refinement, courage and brilliant minds."

"George C. Goggin will be tenderly remembered by those who knew him best, for they are those who loved him."

"His wife, who was Miss Hannah Chambers, daughter of Sprigg Chambers, died a number of years ago. He leaves three sons—Robert, of Paris, Ky., George, of Mississippi and William, of Washington."

Mrs. Rhoda Munson, aged 35 years, wife of W. W. Munson, died yesterday afternoon, after several weeks illness. Mrs. Munson was formerly a Miss Thomas of Nicholas county.

At \$8 to Insure a Colt.**Jake C. Keller & Sons, Kiser-ton, Ky.****Forest Denmark****153.**

This noted sire will make the season of 1908 at my home, on the Harrod's creek pike, 8 miles from Paris and 4 miles from North Middletown, at

\$20 to Insure a Living Colt.

DESCRIPTION.—Forest Denmark is a solid bay, 16 hands high, has great natural style; carries head and tail high, and is not second to any stallion in Kentucky as a getter of high-priced saddle and harness horses.

He has always been at the head of the stud at Woodford's Stock Farm, Mt. Sterling, Kentucky. I was able to get him from the fact that my father's brood mares are nearly all by him.

Forest Denmark is the sire of the Chancellor that won sixteen blue tie, in 1906, also his mate The Cardinal, which team won, single and double, thirty-eight blue ties in 1907. He has sired three other geldings which sold at an average price of \$2,821.

The breeders of Bourbon county have never had, and probably never will have again, the opportunity to breed to the equal of Forest Denmark at \$20.

TERMS.—Money due as soon as colts comes, mare parted with or bred to another horse. Mares from a distance grazed at \$3 a month. Every precaution will be taken to prevent accidents or escapes, but will not be responsible for those that occur.

To Insure a Mare in Foal.

Sam'l Clay,**Paris, - - - Kentucky.**

WIGGINS is a horse of attractive conformation, 15 3/4 hands high, full of quality, and with fine feet and legs. In disposition and manners he is perfect. His colts are uniformly good colors and inherit his bold, frictionless way of going. They are generally pure gaited and trot with light shoes and few boots. WIGGINS himself wore a 7-ounce shoe with no boots in front. He was foaled a trotter, and as a yearling trotted a mile over a three-quarter mile track in 2:33 1/4. He took his record when two years old and won five straight stake races and \$4,600 that season. Douglas Thomas, his trainer, says he could have trotted a mile over a good track in 2:12. His colts not only trot fast young, but sell for high prices. He was himself a bold finisher and his colts are like him in this respect. For an out-cross for in-bred mares you can't do better than to breed to WIGGINS, though he has ever accomplished more than Wiggins. No other stallion at the same age has ever had three two-year-olds to beat 2:18 trotting in one year. No other stallion ever had seven trotters in 22.0 list at ten years.

Purchase Not Likely to Have Interested Him, Anyway.

A condition when it is a temptation to patronize the exchange desk of the store is brought about by the receipt of a gift that is a duplicate of something already possessed. One girl was made miserable by receiving a most beautiful inlaid desk simply because she had two desks already. After giving the subject deliberate thought she decided to lay the matter before the young man who sent her the desk. She felt he would not be so unreasonable as to be offended.

And he wasn't. "Get it exchanged for whatever you want," he said. "Of course, I want to see you pleased."

So she sallied forth. It was difficult to find anything that just fitted the price. The first thing selected was a dainty effect in cameo: then came a belt buckle; then a pair of gloves.

After making these purchases with the exchange check there was still a goodly sum over. The girl could not make up her mind what she wanted. Then she thought very deeply, smiled to herself once or twice and completed her shopping tour on the desk proceeds.

What she bought was filmy and lacy.

And she never includes it in the list she gives the young man of his "various" gifts to her.

Driving a Good Bargain.

The barber's small son was in the habit of playing around his father's shop, and he was always keenly interested in the patrons. Many a stray penny found its way into the little chubby hand, and sticks of gum were dropped in quite as though by accident. Judge Williams drifted into the shop the other afternoon for a hair cut. The lad recognized the fact that the judge was a new patron, and so was more than ordinarily interested in him. He hung at the foot of the chair and looked musingly at the judge's bald head. Then he walked slowly to the back of the chair and surveyed the scanty fringe of hair from that point of vantage. He could contain himself no longer and burst out incredulously: "Father, do—you—get a quarter for cutting that?"—Lippincott's.

Early Scottish Poets.

Earliest on record of the Scotch poets is the name of Michael Scott. But the oldest fragments of Scottish poetry now known to exist consist of a few lines of lamentation on the death of Alexander III. of Scotland, which occurred in 1286.

Neighborhood Favorite.

Mrs. E. D. Charles, of Harbor, Maine, speaking of Electric Bitters, says: "It is a neighborhood favorite here with us." It deserves to be a favorite everywhere. It gives quick relief in dyspepsia, liver complaint, kidney derangement, malnutrition, nervousness, weakness and general debility. Its action on the blood, as a thorough purifier makes it especially useful as a spring medicine. This grand attractive tonic is sold under guarantee at Oberdorfer's drug store. 50 cents. ap

A Lazy Liver

May be only a tired liver, or a starved liver. It would be a stupid as well as a savage thing to beat a weary or starved man because he lagged in his work. So in treating the lagging, torpid liver it is a great mistake to lash it with strong drastic drugs. A torpid liver is but an indication of an ill-nourished, enfeebled body whose organs are weary with over work. Start with the stomach and allied organs of digestion and nutrition. Put them in working order and see how quickly your liver will become active. Dr. Pierce's Golden Medical Discovery has made many marvelous cures of "liver trouble" by its wonderful control of the organs of digestion and nutrition. It restores the normal activity of the stomach, increases the secretions of the blood-making glands, cleanses the system from poisonous accumulations, and so relieves the liver of the burdens imposed upon it by the defection of other organs.

If you have bitter or bad taste in the morning, poor or variable appetite, coated tongue, foul breath, constipated or irregular bowels, feel weak, easily tired, despondent, frequent headaches, pain or distress in "small of back," gnawing or distressed feeling in stomach, perhaps nausea, and "sour risings" in throat after eating, and kindred symptoms of weak stomach and torpid liver, no medicine will relieve you more promptly or cure you more permanently than Doctor Pierce's Golden Medical Discovery. Perhaps only a part of the above symptoms will be present at one time and yet point to torpid liver or biliousness and weak stomach. Avoid all hot bread and biscuits, griddle cakes and other indigestible food and take the "Golden Medical Discovery" regularly and stick to its use until you are vigorous and strong.

The "Discovery" is non-secret, non-alcoholic, is a glyceric extract of native medicinal roots with a full list of its ingredients printed on each bottle-wrapper and attested under oath. Its ingredients are endorsed and extolled by the most eminent medical writers of the age and are recommended to cure the diseases for which it is advised.

Don't accept a substitute of unknown composition for this non-secret MEDICINE OF KNOWN COMPOSITION.

The Thrice-a-Week World.

A President of the United States will be elected this year. Who is he and who is the man he will beat? Nobody yet knows, but the Thrice-a-week edition of the New York World will tell you every step and every detail of what promises to be a campaign of the most absorbing interest. It may not tell you what you hope, but it will tell you what is. The Thrice-a-Week World long ago established a character for impartiality and fearlessness in the publication of the news, and this it will maintain. If you want the news as it really is subscribe to the Thrice-a-Week edition of the New York World, which comes to you every other day except Sunday, and in thus practically a daily at the price of a weekly. The Thrice-a-Week World's regular subscription price is only \$1.00 per year, and this pays for 156 papers. We offer this unequalled newspaper and the Bourbon News together for one year for \$2.50. The regular subscription prices of the two papers is \$3.00.

has resigned from the navy on account
of ill health.

President Roosevelt will sit for a
painting for the New York Republican
club, an arrangement to this effect hav-
ing been made by Representative Ben-
net.

General Hugh Cameron, the Kansas
hermit, has signified his intention of
retiring from the woods and spending
the remaining years of his life in an
automobile.

Representative Joseph Grant Beale,
from the Twenty-seventh Pennsylvania
district, drilled the first gas well that
was ever used for metallurgical pur-
poses. Although born in 1839, this is
his first appearance as a national law-
maker.

Charles P. Grandfield, who has been
appointed first assistant postmaster
general, is fifty years of age and of
more than ordinary ability. He is an
old hand in the government service and
has won his present position by promo-
tions for efficient service.

Cyrus Adams Sulloway of New
Hampshire still retains his place as the
biggest man in the national house of
representatives. Congressman Sulloway
is more than six and a half feet
tall and weighs but a pound less than
350. His breadth is proportionate with
his height.

William F. MacLennan, chief of the
bookkeeping and warrants division of
the treasury department, is the man
who keeps track of the public debt.
This debt amounts to \$2,467,809,901,
and, while he does not actually have
possession of the vast sum, all the ac-
counts are turned over to him, and every
dollar that is distributed by the gov-
ernment is disposed of by Mr. Mac-
Lennan by means of warrants.

Things Theatrical.

"Paid In Full," with many of the
cast of the first production, is to be
revived.

Frank Worthing, leading man for
Grace George in "Divorçons," has been
unable to rejoin the company.

Arthur Shaw, the son of Mary Shaw,
has been engaged for an important role
in "The Traveling Salesman," by James
Forbes.

Leslie Harris, styled "England's
greatest entertainer at the piano," re-
cently made his American debut at the
Hudson theater, New York.

Melville Ellis, whose brilliant musical
specialty was a feature of the New
York run of "The Orchid," is one of
the features of "The Great White
Way."

Vernon Stiles, who is singing the role
of Lieutenant Pinkerton in Henry W.
Savage's production of "Madam But-
terfly," is a son of Judge Stiles of the
Iowa supreme court.

The Writers.

Albert Midlane, the well known Eng-
lish hymn writer, has just celebrated
his eighty-third birthday in London.
His children's hymn, "There's a Friend
For Little Children," is sung all over
the world.

The French historian, Auguste Le-
page, is dead at the age of seventy-
two. Among his books are a "Histoire
de la Commune" and "Recits sur l'His-
toire d'Alsace et de Lorraine." His last
book, "Les Sieges Heroiques," appeared
just before his death.

Mrs. Humphry Ward is expected to
arrive in New York shortly, and while
in this country she will be the guest of
Mrs. Frederick W. Whitridge of New
York, who, being the daughter of Mat-
thew Arnold, is her cousin. This visit
will be the first Mrs. Ward has ever
made to America.

The Royal Box.

The king of Italy is a vegetarian.
King Leopold of Belgium is reported
to have suffered a severe mental break-
down.

Emperor Francis Joseph of Austria
owns a chinaware factory in Vienna
which is one of the most famous in the
world and employs more than a thou-
sand workmen. The king of Saxony
conducts a similar business, though on
a much smaller scale.

Many monarchs are using English in
intercourse with one another. The czar
of Russia, for example, speaks English
better than German, and the German
emperor speaks English better than
French, so it is natural that the two
sovereigns should, as they do, corre-
spond in English.

Gown Gossip.

The spring colors show a decided
preference for dark shades, and even
black is going to be a favorite.

Most of the new blouses have but-
terfly shoulders, which give the effect
of breadth and droop at the same
time.

Prophecies for the summer season
hint that the Japanese effects so gen-
erally adopted will give way to a re-
vival of the classic, and some of the
newest models already show this ten-
dency.—New York Tribune.

Pointed Paragraphs.

People too easily get in the habit of
having troubles.

A philosopher is a man who doesn't
want the things he can't have.

A good man is always rated below
his true value; a bad man is always
rated above his true value.

The relief a man feels when he suc-
ceeds in getting the world off his shoul-
ders does not prevent his getting the
load back again within a month or
two.—Athenian Globe.

Rapid changes of temperature are hard
on the toughest constitution.

The conductor passing from the heated
inside of a trolley car to the icy temperature
of the platform—the canvasser spending an
hour or so in a heated building and then
walking against a biting wind—know the
difficulty of avoiding cold.

Scott's Emulsion strengthens the
body so that it can better withstand the
danger of cold from changes of temperature.

It will help you to avoid taking cold.

WHERE MR. SPOONER LOST OUT.

Next Time, Maybe, He Will Be More
Chary of Compliments.

"Do you really mean it, Mr. Spooner,
when you say I am the best girl in
the world?" asked Miss Flypp, after
the young man had suggested that
she should become Mrs. Spooner.

"Indeed, I do, Miss Flypp," assever-
ated the young man. "I say it again—
you are the best girl in the world."

"And the loveliest, I think you
said?"

"The loveliest, without doubt."

"I think you said something about
my accomplishments, too?"

"I did. I said they excelled those
of any other girl."

"I believe you called me sweet?"

"A sweeter woman never drew
breath," quoted the ardent lover.

"You used the word 'perfect,' too,
did you not?"

"I did. I also pronounce you the
pink of perfection, propriety and
modesty, the empress of my heart,
the peerless one among the beauteous
creatures of your sex, a maiden ador-
able, enchanting and worthy of the
hand of the best man on earth. Say
the word that will make me the happi-
est man, my own Dora!"

"Before I give you an answer, Mr.
Spooner, I should like to ask you one
question."

"A dozen if you like."

"One will be enough. Don't you
think you have a good deal of assur-
ance to expect a woman with all those
excellent qualities to marry you?"

Then Mr. Spooner went home.

Birds Shot with Water.

Shooting a hummingbird with the
smallest birdshot made is out of the
question, for the tiniest seeds of lead
would destroy his coat. The only way
in which the bird can be captured for
commercial purposes is to shoot him
with a drop of water from a blowgun,
or a fine jet from a small syringe.
Skillfully directed, the water stuns
him. He falls into a silken net and
before he recovers consciousness is
suspended over a cyanide jar. This
must be done quickly, for if he comes
to his senses before the cyanide whiff
snuffs out his life he is sure to ruin
his plumage in his struggles to escape.
Hummingbirds vary in size from spec-
imens perhaps half as large as a spar-
row to those scarcely bigger than a
bee. The quickest eye cannot follow
them in full flight. It is only when,
though still flying furiously, they are
practically motionless over flowers
that the best marksmen can bring
them to earth.

WHEN SMALLPOX WAS COMMON.

A Century or So Ago Every One Ex-
pected to Have Disease.

"All our ancestors," said a physician,
"were pock-marked, and smallpox was
a recommendation if you were looking
for work."

"What I mean is that you couldn't
get a job if you had not had smallpox.
No one wanted a servant who was li-
able at any moment to be stricken
down with the loathsome disease.
Hence—"

He opened a newspaper volume of
1774.

"Hence 'help wanted' ads read like
this:

"Wanted, a man between 20 and
30 years of age, to be footman and
under-butler in a great family. He
must have had smallpox in the natural
way. Also a woman, middle-aged, to
wait upon a young lady of great for-
tune and fashion. The woman must
have had the smallpox in the natural
way."

"One Touch of Nature Makes the Whole World Kin."

When a rooster finds a big fat worm
he calls all the hens in the farm yard
to come and share it. A similar trait
of human nature is to be observed
when a man discovers something ex-
ceptionally good—he wants all his
friends and neighbors to share the
benefits of his discovery. This is the
touch of nature that makes the whole
world kin. This explains why people
who have been cured by Chamberlain's
Cough Remedy write letters to the
manufacturers for publication, that
others similarly ailing may also use it
and obtain relief. Behind every one of
these letters is a warm heartfelt wish
of the writer to be of use to someone else.
This remedy is for sale by W. T.

The Worst Punishment.

In changing the sentence of the negro
from hanging to that of spending his
life in Boston, Governor Jeff Davis, of
Arkansas, patterned something after
the case of the darkey in Woodford
county, when Ed Marshall, the famous
lawyer, told the court that the worst
punishment that could be inflicted
would be, neither to send the prisoner
to the penitentiary or hang him, but to
send him back to his master, old Bill
Higgins, to spend his days, as that
would be nearer hell on earth than
any punishment that might be given
him.

Collision on Interurban.

The freight and passenger car on the Paris and Lexington Interurban line crashed into the rear end of the passenger car Tuesday afternoon, resulting in the smashing of the ends of both cars and severely injuring John and James Sweeney both employees of the company, who reside in Lexington. The upturned controller box struck John Sweeney's foot with such force as to crush it so badly that it was necessary to amputate one of the toes. James Sweeney's injuries were mainly bruises. A number of other passengers were severely bruised and shaken up as a result of the collision. The accident occurred at the half-way switch near Elmendorf. The passenger car bound for Lexington, stopped at the siding to wait for the car to pass going to Paris. The freight car was following the passenger car from Paris and came over the hill at considerable speed. The mortorman applied the air brakes but they failed to work and the collision resulted. The injured men were taken to St. Joseph's Hospital.
